Abnormally low Bid may or may not be accepted. If MHPA decides to accept the abnormally low Bid/or the bid with serious unbalanced rates after considering the above, the Bidder shall be required to provide additional differential security in addition to the performance security equivalent to the difference between the estimated and quoted price to a maximum of ten percent (10%) of the quoted price, to protect MHPA against any financial loss in the event of default of the successful Bidder under the Contract. - ITB.35.11. The basic consideration and the essence of the Contract shall be the strict adherence to the time schedule, as specified in the SCC, for completion of the Delivery of Goods covered in the Contract after the Commencement Date. The price quoted for goods in bids of Group A and B shall include all duties and taxes paid or payable on the basic materials or components purchased in the domestic market or imported but shall exclude the sales and similar taxes on the finished product. The price quoted for goods in bids of Group C shall be on CIF or CIP (place of destination), which is exclusive of customs duties and other import taxes already paid or to be paid. The first step, all evaluated bids in each group shall be compared to determine the lowest bid in each group. Such lowest evaluated bids shall be compared with each other and if, as a result of this comparison, a bid from Group A or Group B is the lowest, it shall be selected for the award.

ITB.35.13.3. If as a result of preceding comparison, the lowest evaluated bid is a bid from Group C, the lowest evaluated bid from Group C shall be further compared with the lowest evaluated bid from Group A after adding to the lowest evaluated price of goods offered in the bid from Group C, for the purpose of this further comparison only, an amount equal to ten (10) percent of the CIF or CIP bid price. The lowest evaluated bid determined from this last comparison shall be selected for the award.

Illustration 1:

Suppose against a tender, MHPA received 6 bids from following group:

	Group-A	Group-B	Group C
Bidder-I	100		
Bidder-II	103		
Bidder-III		104	
Bidder IV			105
Bidder V			105
Bidder VI			109

In the first step, all evaluated bids in each group shall be compared to determine the lowest bid in each group. So, Bidder-I, Bidder-III and Bidder-V are selected from the Group-A, Group-B and Group-C respectively based on the lowest bid in each group. Among the lowest bid of each group, Bidder-I of Group A is the lowest, it shall be selected for award.

Illustration 2:

Suppose against a tender, MHPA received 6 bids from following group:

Group-A	Group-B	Group-C
---------	---------	---------

¹Bids offering goods manufactured in Bhutan, for which (i) labour, raw materials and components form within the country account for less than thirty (30) percent of the EXW price; and (ii) the production facility in which they will be manufactured or assembled has been engaged in manufacturing or assembling such goods at least since the date of bid submission

Bidder-I	100	
Bidder-II	103	
Bidder-III		104
Bidder IV		105
Bidder V		99
Bidder VI		105

In the first step, all evaluated bids in each group shall be compared to determine the lowest bid in each group. So, Bidder-I, Bidder-III and Bidder-V are selected from the Group-A, Group-B and Group-C respectively based on the lowest bid in each group. Among the lowest bid of each group, Bidder-V of Group C is the lowest, then Bidder-V will compare with Bidder I (Lowest bidder of Group) after adding the mark-up 10% on Bid price of Bidder V of Group C.

	Group A	Group C
Bidder 1	100	
Bidder-V		99
Add mark-up10%		9.9
Total Bid Price for comparison	100	108.9

The lowest evaluated bid (Bidder-I) determined from this comparison shall be selected for the award.

ITB. 36. Post-qualification of the Bidder

ITB.36.1. MHPA will determine to its satisfaction whether the Bidder selected as having submitted the lowest evaluated responsive Bid is qualified in terms of the requirements stipulated in BDS and have capacity and capability to perform the Contract.

ITB.36.2. The determination shall be based upon an examination of the documentary evidence, including its authenticity, of the Bidder’s qualifications and capacity & capability, submitted by the Bidder as per Form: 6A to 6C of Section IV as well as such other information as the MHPA deems necessary and appropriate.

ITB.36.3. An inspection of Bidders’ factories, if required prior to award of the Contract may be carried out by MHPA or its designated agency. MHPA shall notify in advance of the date in writing on which the inspection will be made. The cost of the inspection shall be borne by MHPA.

An affirmative determination will be a prerequisite for award of the Contract to the Bidder. A negative determination will result in rejection of the Bidder’s Bid, in which event MHPA will proceed to the next lowest evaluated Bid to make a similar determination of that Bidder’s capabilities to perform satisfactorily based on prescribed qualification requirements.

ITB. 37. MHPA’s Right to Accept any Bid and to Reject any or all Bids

ITB.37.1. MHPA reserves the right to accept or reject any Bid, and to annul the bidding process and reject all Bids at any time prior to Contract award, without thereby incurring any liability to Bidders or any obligation to inform the affected Bidders of the grounds for such action of the MHPA.

ITB. 42. Performance Security

ITB.42.1. The successful Bidder shall submit the performance security equal to ten percent (10%) of the contract price in accordance with BDS. In that event MHPA may award the Contract to the next lowest evaluated Bidder whose offer is substantially responsive and is determined by MHPA to be qualified to perform the Contract satisfactorily or call for fresh bids.

ITB.42.4. The validity of the Performance Security shall be extended by the successful bidder whenever any time extension for contract completion is granted by MHPA.

GCC.32.1	The time for Delivery shall be: 60 days from the date of issue of purchase order.

Attachment: Price Adjustment Formula

If, in accordance with GCC.18.2, prices shall be adjustable, the following method may be used to calculate the price adjustment:

Prices payable to the Supplier, as stated in the Contract, shall be subject to adjustment during performance of the Contract to reflect changes in the cost of labor and material components in accordance with the formula:

$$P_1 = P_0 \left[a + \frac{bL_1}{L_0} + \frac{cM_1}{M_0} \right] - P_0$$

$$a+b+c = 1$$

in which:

P_1 = adjustment amount payable to the Supplier.

P_0 = Contract Price (base price).

a = percentage of fixed element representing profits and overheads included in the Contract Price.

b = estimated percentage of labor component in the Contract Price.

c = estimated percentage of material component in the Contract Price.

L_0, L_1 = labor indices applicable to the appropriate industry in the country of origin on the base date and date for adjustment, respectively.

M_0, M_1 = material indices for the major raw material on the base date and date for adjustment, respectively, in the country of origin.

The coefficients $a, b,$ and c as specified by MHPA are as follows and total should not exceed 100%:

$a =$ [insert value of coefficient of 5% to 20%]

$b =$ [insert value of coefficient of 15% to 30%]

$c =$ [insert value of coefficient of 30% to 60%]

The Bidder shall indicate the source of the indices and the base date indices in its Bid.

Base date = thirty (30) days prior to the Bid opening date.

Date of adjustment = two-third (2/3) period of scheduled Delivery date or actual Delivery date, whichever is earlier

The above price adjustment formula shall be invoked by either party subject to the following further conditions:

Chief Engineer
Contracts & Procurement
MHPA

- a. No price adjustment shall be allowed beyond the Scheduled Delivery Date unless specifically stated in the extension letter. As a rule, no price adjustment shall be allowed for periods of delay for which the Supplier is entirely responsible. MHPA will, however, be entitled to any decrease in the prices of the Goods subject to adjustment.
- b. If the currency in which the Contract Price Po is expressed is different from the currency of origin of the labor and material indices, a correction factor will be applied to avoid incorrect adjustments of the Contract Price. The correction factor shall correspond to the ratio of exchange rates between the two currencies on the base date and the date for adjustment as defined above.
- c. No price adjustment shall be payable on the portion of the Contract Price paid to the Supplier as advance payment.
- d. Price adjustment shall be payable within a maximum ceiling of twenty percent (20%) over the Contract price.

SECTION VIII-ANNEXURE

1. Details of Electronic Bidding Procedure (if applicable)

Chief Engineer
Contracts & Procurement
MHPA

SECTION IX – VENDOR RATING SYSTEM

Chief Engineer
Contracts & Procurement
MHPA

SECTION IX – VENDOR RATING SYSTEM

1. VENDOR RATING SYSTEM (VRS)

The assessment of the Vendors/Suppliers shall be done as follows:

1.1. VENDOR ASSESSMENT CRITERIA

The annual rating shall be based only on two criteria: (i) Conformity rate (Quality) of each of the supplier and (ii) On time Delivery (On time performance).

The following formulae shall be used for the computation for both the criteria in percentage:

$$(1) \text{ Conformity Rate (CR)} = \frac{\text{Total quantity accepted}}{\text{Total quantity ordered}}$$

$$(2) \text{ On Time Delivery (OTD)} = \frac{\text{Total quantity delivered on time}}{\text{Total quantity ordered}}$$

1.2. PERFORMANCE MEASURE WEIGHTAGE

Considering the importance and its consequences of both the criteria, the weightage assigned is as follows:

Performance measure	Weightage
Conformity Rate (CR)	50%
On Time Delivery (OTD)	50%
Total	100%

1.3. SUPPLIER ASSESSMENT CATEGORY

The suppliers shall be categorized in following three categories.

Category	Score	Remarks
A	80-100	Recommended/Preferred Suppliers
B	50-79	✓ Supplier must be developed; ✓ Consider, but with mandatory debriefing on the short comings.
C	0-49	✓ Supplier is not qualified; ✓ No purchasing allowed.

1.4. ILLUSTRATION FOR THE COMPUTATION OF VENDOR RATING

The computations of above criteria are illustrated as follows:

At the end of the year, the total quantities of materials against the following two suppliers, M/s. ABC and M/s. XYZ shall be obtained from SAP system along with the required information.

Conformity Rate (CR)

Supplier	Total Qty. Ordered	Total Qty. Accepted	Total Qty. Rejection
M/s. ABC	500	450	50
M/s. XYZ	600	450	150

On Time Delivery (OTD)

Supplier	Total Qty. Ordered	Total Qty. Delivered on Time	Total Qty. Delayed
M/s. ABC	500	470	30
M/s. XYZ	600	480	120

M/s. ABC

Conformity Rate (CR)	= (Total Qty. Accepted/Total Qty. Ordered) X 100 = (450/500)x100 = 90%
On Time Delivery (OTD)	= (Total Qty. Delivered on Time/Total Qty. Ordered) X 100 = (470/500) X 100 = 94%
Total Rating	= 90% x 50 = 45 (For CR) = 94% x 50 = 47 (For OTD) = 92%

M/s. XYZ

Conformity Rate (CR)	= (Total Qty. Accepted/Total Qty. Ordered) X 100 = (450/600) X 100 = 75%
On Time Delivery (OTD)	= (Total Qty. Delivered on Time/Total Qty. Ordered) X 100 = (480/600) X 100 = 80%
Total Rating	= 75% x 50 = 37.5 (For CR) = 80% x 50 = 40 (For OTD) = 77.5%

As can be seen from above table, M/s. ABC falls under category A and is a preferred/recommended supplier, while M/s. XYZ falls in category B and needs vendor development and guidance to improve their performance.

2. EVALUATION PERIOD, THRESHOLDS AND DEBARMENT OF VENDORS

2.1. Evaluation period

The assessment shall be evaluated at the end of every year and the report shall be extracted and maintained by Material Management Division, MHPA to take further actions.

2.2. Threshold

For the purpose of vendor rating, the assessment shall be done for vendor whose cumulative supply is more than BTN 0.5 million in year.

2.3. Debarment of defaulters

Based on the assessment of vendors at the end of the year, all non-performing vendors shall be referred to the Debarment Committee as per the Debarment Rules 2019 of RGoB. The non-performing vendor falling under category B and C shall be subjected to referral to the Debarment Committee and the decision of the Committee shall be final and binding.
